Subject: Triumph Logistics Name Change

Dear Valued Customer,

In order to serve you better, we are informing our valued business partners that beginning April 13, 2009, we are consolidating the operations of Triumph Logistics and Triumph Air Repair into a single business entity under the Triumph Air Repair name. The merging of the two businesses within Triumph Aftermarket Services Group will result in increased operating efficiencies and the ability to swiftly respond to customer needs and take actions resulting in customer satisfaction.

The general nature of activities performed and orders managed by Triumph Logistics for our customers will not change; we will continue providing our customers with the same quality aircraft parts and services - only the name will change. This change will be relatively seamless.

If you do not currently have Triumph Air Repair established as a supplier, the attached document contains the revised addresses and account information for you to update your records. Current orders are not affected by address changes such as ship-to and bill-to but the documentation accompanying the delivery may reflect our new name. New orders submitted should be created under the Triumph Air Repair name in order to avoid any confusion.

Triumph Logistics UK, Ltd., a separate company operating from Basingstoke, England, will not be affected by this change.

We appreciate your continued support. If you have any comments or questions, please contact our Customer Service Representatives or the undersigned.

Sincerely,

Lee Jacobs
Vice President - Trading and Distribution
Triumph Air Repair
602-470-7223
